We offer discounts on blocked hours?

Many of our business customers buy blocks of 20 hours which qualifies them for a 10% discount when pre-paid! Here's how it works. Buy a block of 20 hours and receive a discount on all of your service when you pre-pay for this block. When the block gets used up, we can automatically renew you for another block of hours and as long as you prepay, you will always get our 10% discount – even for projects!

These lower rates make us one of the most affordable solutions in West Michigan and can end up saving your company hundreds or even thousands of dollars a year!

We can help you get better Internet?

CCS Technologies has a variety of partners that can help get you faster internet! In many cases, even if you were told you couldn't, we still can help get Fiber-Optic Internet for you. If you've been dealing with old and antiquated DSL or Cable, it costs nothing for us to check for you and you are under no obligation.

Fiber-Optic Internet can be more costly, but the advantages you get in terms of stability, phone quality and speed can end up paying for itself! If interested, please e-mail or call Joe Halstead: jhalstead@ccstech.net for a free evaluation.

We sell and install camera systems?

Our Verkada systems use artificial intelligence to do a heck of a lot more than just monitor your premises.

You can view remotely with a cell phone, you can add key card access, you can use facial recognition **and you can try the system for FREE!** We can supply you with a single camera to put on your network for up to 30 days at absolutely no cost to you. We setup your organization, get you into the portal and get you trained on how it works. If you decide against it, we pack it up, send it back and it costs you nothing.

We are hiring?

Our success, even during the Covid crisis, reflects the commitment we have to our employees as well as how we treat our customers. When many IT companies have experienced slowdowns, CCS Technologies has actually grown! Now we need more technicians who share our philosophy of personal growth, self-management and customer service.

If you know someone who would like to work for a company that emphasizes values, family and promotes an environment that doesn't micro-manage or make technicians "punch a clock" then send them our way!

Currently there are positions available for tier 2 and tier 3 level technicians. We offer great benefits, bonuses, wages and stability... after all, we've been in business for over 45 years! Have them send their resume to jhalstead@ccstech.net. We'd love to consider them for a place on our team!

If you are interested in any of these items, give us a call at **616-997-TECH (8324)** and don't forget, if you refer a business to us and they start a service agreement, **you get a big referral bonus!**

CCS Technologies Referral Program

Do you know of someone looking for an
IT service provider or who could
benefit from our services?

Please visit our referral page at
<https://ccstech.net/referrals/>
and send us their information.

If your referral leads to a signed service quote,
you will be rewarded with a **\$100 Amazon Gift Card**,
and your company will also
be provided a **\$150 invoice credit!**
